About our proposals

On Academy Street, we are proposing co-living accommodation, where residents have their own private living space alongside shared facilities such as lounges, workspaces and social areas that encourage a strong sense of community.

Our wider proposals for the revitalisation of the North Street and Donegall Street areas will create a vibrant new place where people can live, work, socialise and thrive.

Our proposals for Academy Street include:

Approximately

**150 co-living
homes**

Up to

15 storeys

**Ground
floor**

commercial space

Part of the

proposed new residential neighbourhood

for the North Street & Donegall Street area
